Dear

Sir,

Re: DR. EDUARDO FEDERICO LLOSA

I am writing to you on behalf of a working group in Coventry. We are very concerned about the case of the above-named man, who has been imprisoned in Argentina since 1975.

I enclose an information sheet, but would like to briefly outline the salient points of Dr. Llosa's case. Firstly, that his judicial sentence (completed on 8th May, 1981) has been followed by an administrative one of indefinite length and that he has no right of defence against this. Secondly, that he has tried to exercise his constitutional right (Article 23 of the Argentine National Constitution) to leave the country, without success. Thirdly, that the rights and freedoms established in articles 2,3,9,11(s),13,18,19,21 and 27 of the United Nations' Declaration of Human Rights are being denied to Dr. Llosa. Finally, that the state of his health is becoming critical, and that he is reportedly not receiving the medical treatment he needs and which has been recommended by an independent Doctor.

If you feel on the basis of the information given above and on humanitarian grounds that Dr. Llosa should be released, I should be very grateful if you would write to this effect to the President of Argentina,

General Leopoldo Galtieri,
Casa Rosada,
Balcarce 50
Buenos Aires C.F.
Argentina.

Yours faithfully,
